

Broken Bones

By Alan M Reznik MD
(Sung to the tune of *Silver Bells*)

City sidewalks, Slip'ry sidewalks
See them covered in snow
In the air there's a feeling of winter

Children laughing, people passing
Meeting smile after smile
And on every street corner you'll hear

Broken Bones, Broken bones
It's winter time in the city
Slip-a-long, hear their song
Soon it will be casting time

Strings of nurses get the doctor
Bring the sur-ge-ry team
An-es-the-sia to sleep
With dream pleasures
Hear the bones crunch
See the "Docs" bunch
This Or-tho-pae-dic scene
And above all this bustle you'll hear

Broken bones, Broken bones
It's winter time in the city
Slip-a-long, hear their song
Soon it will be casting time

Broken bones, Broken bones
Soon it will be casting time
Soon it will be casting time
